YES 2016

The Young Europeans' Seminar (YES) is the **biggest YFU event**, which gathers every year intra-European YFU students at the end of their exchange program. More than 500 exchange students and more than 100 volunteers from participate in the YES and make each YES unique.

The YES is the ideal meeting space where to end the exchange experience before returning home, where to develop awareness of European and global issues, and where to learn new things in a truly intercultural environment. The YES combines fun and learning (both for the students and for the volunteers) and uses non-formal education methods to allow participants to explore a relevant theme, different every year.

The topic of the YES 2016 is “**Young Innovators Changing Our World**”. Young people are the catalyst of innovation in many fields; with their creative and critical thinking, they have the

power to trigger positive changes within their communities and beyond.

The topic of the YES 2016 will be tackled from different angles: innovations for a more sustainable and greener world; new forms of global citizenship with young people on the frontline of digital activism; and youth initiatives that reshape intercultural dialog and understanding in our increasingly diverse societies. We have a message to pass on to all YES participants: you are not only the future of our society, you have a key role to play today. **The Youth Century is now!**
